You will find attached to this newsletter a new schedule altered for our future shows from October onwards. As you will probably know Buffs are now in the Self section and will share their breed class with the Saffron. Argentees are now in the Non Self section and Foxes and Tans are Guide Standard and will have their own class in the Rare Varieties. Please take care to enter correctly.

This season we have seen some huge entries, at our February show with Oliver Joyce judging entries reached 153, one of the biggest shows Worth Valley has seen. Unfortunately some pigs were unable to be penned that day - we simply ran out of pens! However because of these successful shows we find ourselves in a position to buy some new pens to avoid this situation arising again.

Our March and April 2001 shows were both cancelled along with many others due to the foot and mouth outbreak. In August we

held an extra show where we presented our breed class winners rosettes. We also entertained stock shows for the Dutch Cavy Club (Best In Show E.Jacques) and the N. Tortoise & White Cavy Club (Best In Show E.Slater) both of whom had shows cancelled earlier that year. We have also held points shows for N. Himalayan Cavy Club and English Self Cavy Club.

If anyone wishes us to entertain their breed club please contact us and we will try wherever possible to accommodate them.

On a more serious note we

would appreciate more co-operation with the 1pm entry closing time to avoid a late finish. With the large entries we are receiving we must get underway at 1.30pm and at present we are often still booking pigs in at that time! Please note that entries can be taken Wednesday and Thursday prior to the show between 7pm and 9pm saving time on the day for both of us.
