2002 - 2003 SEASON

After a bumper season in 01-02 things settled back down this season to average sized shows. We have invested (along with the Community Centre) a large amount of money in some much needed flagging at the back of the community centre including a path to our shed. This has very successfully prevented the treading of mud back into the centre when we put pens away, and therefore has cut down on cleaning up time.

Information packs are now available, containing schedule, map, newsletter, if you sell guinea

pigs to anyone who doesn't show but may be interested please pass a pack on, they will be available at every show.

Many thanks to our judges this season, many of whom gave their services free of charge.

MASSIVE thanks to Olwen who has carried on the Worth Valley tradition of having an excellent refreshment facility.

The coming season we will be entertaining the English Self Cavy Club in December and the National Tort & White Cavy Club in October, if you want us to entertain your fa-

vorite breed club please ask and we will try our best to accomodate them.

Don't forget Worth Valley Website;
